

# Vision Pro Learning Center

Included with Vision Pro, the Learning Center is a cloud-based tool that supports your blended learning initiatives. Teachers can create assessments anywhere, run quizzes during class time, or assign tests outside of the classroom - perfect for flipped learning. Provides automatic scoring and compiles results data in easy-to-use reports. Easily accessible from the Vision Pro navigation bar, with no installation required.

## Detailed Features:

The screenshot displays the Vision Pro Learning Center interface for 'Green Meadows School'. The page is titled 'Planets' and includes a navigation menu on the left with options like 'HOME', 'PLANETS QUIZ', 'PLANETS PRESENTATION', 'PLANETS!', and 'CELLS - BASICS (TEACHER-PACED)'. The main content area features a video player showing a video about the solar system, with a play button and a progress bar. Below the video, there is a quiz question: 'How much do you know about planets such as Mars, Venus and Jupiter? Give the quiz questions a go and find out!'.

### Share Lesson Materials and Online Content

Create class sites, post lesson materials, and link to content online (including graphics and videos) for students to access anywhere.

### Flexible Test Questions

Assess learning by creating a variety of tests and quizzes:

- Multiple choice
- Fill in the blank
- Matching drop down
- Sequence drop down
- Point and click
- Multiple answers
- Matching drag and drop
- Sequence drag and drop
- Numeric
- Plain text

### Pacing Options

Assessments can be self-paced or teacher-paced, so students can take tests in class or at home. Perfect for flipped learning models.

### Automatic Scoring

Want instant feedback on how your students performed? The Vision Pro Learning Center provides automatic scoring so you can see what they've mastered, and areas where they need additional help.

Which of the following is a fungus?	Multiple Choice Question	1/1	100.00%		
_____ is the substance which absorbs light and ...	Fill in the blank	0/1	0.00%		

## Reporting

Use the data to improve your students' progress. Create and view reports by student to personalize instruction, or by question to understand what part of the lesson your students need help with.

### LICENSING

The Vision Pro Learning Center is included free with Vision Pro for all customers with a current Netop ADV program. Please note that the number of user logins for class kits and other types of licenses is limited. Because Vision Pro Learning Center is web-based, it is ideal for school-wide licensing via campus licenses. In addition, because this is a hosted service, access is provided only as long as the customer maintains a current ADV. There are limits on data storage - please contact us for more details.

### TECHNICAL REQUIREMENTS

Vision Pro Learning Center runs on any computer or smart device with a web browser and Internet access.
